Dear President prof. dr. Yoshihisa Baba,

On behalf of the entire academic community of Mykolas Romeris University allow me the opportunity to express my most sincere congratulations on the occasion of the significant 50th Anniversary of SOKA University marked on April 2, 2021. Please accept the heartiest greetings and best wishes for the future success on this very special Anniversary for everyone.

On this remarkable occasion I would like to wish you the strength in overcoming any hardships, and look forward with success to its next thriving years to come. The Jubilee year is a wonderful opportunity for all the community of SOKA University to come together and share the experience lived through all those years since its founding in 1971. Achievements of SOKA University internationalization were noted by the Japanese Government, when in 2014 the University was selected for a Top Global University Project to lead the globalization of the Japanese universities. Surely, your carefully developed international network of partners across the 63 countries, helps to foster globally minded graduates who can contribute to the greater benefit of humanity, thus embodying the founding principle of SOKA University. We are very glad and proud that Mykolas Romeris University is your partner in Lithuania and we wish for every member of SOKA University to bring their full share of passion, joy, curiosity, and intellectual stamina into the constant development towards harmonious excellence of the academic community. Best of luck in sharing the knowledge, spreading the internationalization and strengthening partnerships through education for the next many years ahead.

Please deliver our cordial greetings for everyone at SOKA University.

Sincerely Yours,

Prof. Dr. Inga Žalėnienė
Rector
