Dear President Yoshihisa Baba,

Spring greetings from Central China Normal University (CCNU)!

On behalf of CCNU, I am writing with great pleasure to extend our warmest congratulations to you on such an auspicious occasion of the 50th anniversary of Soka University.

Soka University has been one of our most important strategic global partners. We highly value and take great pride in our partnership, and are fully committed to continuing our thriving and mutually beneficial engagement with your prestigious university.

The Daisaku Ikeda Research Institute at CCNU, which was founded in 2005, marked a milestone of our collaborative partnership and friendly relationship. Since then, it has been widely recognized and achieved international fame in the academic circles.

Over the past years, with the painstaking efforts made by our two universities, the collaborative partnership has witnessed steady consolidation and has proved highly productive. We've had fruitful collaborations in terms of student mobility, faculty exchange, joint scientific research and in many other fields as well. I'd like to avail myself of this opportunity to convey my heartfelt gratitude for your outstanding contributions and commitment in continuing exchanges and collaboration between us.

We look forward to furthering our collaborative ties in the years to come.

Sincerely yours,

Professor HAO Fanghua  
President
