Subject: Congratulations to the Soka University 50<sup>th</sup> Anniversary

Dear Dr. Daisaku Ikeda,

On behalf of Panyapiwat Institute of Management, we would like to convey our sincere message of congratulations on the 50<sup>th</sup> Anniversary on April 2, 2021. It is such an honor to know that your university is a hub for global citizenship education and was selected as one of the Top Global University Project of the Ministry of Education, Culture, Sports, Science and Technology (MEXT).

It is our honor to note the unprecedented achievement of Soka University with the educational philosophy of “The System of Value-Creating Pedagogy” by Mr. Tsunesaburo Makiguchi, the first President, and this educational philosophy was shared by Mr. Josei Toda, the second President of the Soka Gakkai Organization. And this value has until today, carried on by you.

We have witnessed the global fast-growing movements of Soka University through many academic activities, faculty staff and students with your great supports and contributions to their individual growth as global citizens and world peace as a whole. It goes without saying that all of these efforts has become token of achievement of you and Soka University.

We believe that our partnership will continue for a long lasting and strong with Soka University and wish the University every success in the years to come.

Sincerely yours,

Assoc. Prof. Dr. Sompop Manarungsan  
President  
Panyapiwat Institute of Management (PIM)
