Process of Medical Checkup:

- Urinalysis
- Chest X-ray exam
- Body weight, height, blood pressure, and vision test
- Examination by a physician
- Electro-cardiogram (Undergraduate/graduate school/Soka Women's College First year students only)
- Blood test (Current second year undergraduate/current first year Soka Women's College students only)

Notes:

- 1 For the physical measurement (height/weight) and Chest X-ray exam, you need to take off your shoes and clothes.
 - Please take all accessories off in advance. It is recommended not to wear boots or a dress.
 - Chest X-ray examination can be performed with a plain-colored T-shirt without any patterns, drawings, beadwork, metal fittings, lame and buttons.
- 2 Those who need the Certificate of Student Annual Medical Checkup 2019 immediately for the purpose of practical trainings must undergo the checkup on January 26.
- 3 The last days of Checkup (January 28th and 29th at the gym) are expected to be very busy. We recommend you to schedule your Checkup date at your earliest convenience.

Certificate of Medical Checkup and the results:

- 1 The Certificate of Student Annual Medical Checkup 2019 will be available from early April after this Medical Checkup.
- 2 The Certificate for the academic year of 2018 can be issued at each branch of the Health Care Center until Graduation .
- 3 Students who fail to attend the current Checkup must submit a copy of the health certificate issued in 2018 to the department office. It must cover all examinations held in the current Checkup.
- 4 The health certificate for the academic year of 2019 will not be issued if the student fails to attend the recent Checkup.
