

Hiragana · Katakana Practice Handouts

In the Bekka course, Japanese characters (Hiragana · Katakana) will be used to study Japanese. These handouts are for you to practice writing characters in order to memorize them. Hiragana and Katakana are very important as you will be using textbooks, all written in Japanese (Hiragana, Katakana, and Kanji) at the course. Be prepared to be able to read and write in Japanese when the class starts. It takes time to memorize all the characters so practice writing Hiragana and Katakana everyday before the class starts. You are welcomed to print these handouts out at home. In case you cannot print out, it is also fine to write on a notebook.
